JULES SOLUTIONS

Your business on top. Five pillars. One *foundation*.

Five ways of working hold up your business, with the Setup on your computers beneath.

START THE INTERVIEW

jules.solutions/en

The interview and a call with Jules are free.

WHERE TO START

An interview in five levels, then a free call with Jules. You decide whether a package fits.

The interview is free and needs no account. You can stop any time and continue later, on another device too. Your first report: we email you a link that opens it.

FIVE WAYS

01	Figure It Out	A good question is a very good start.
02	Build It	Less pitch deck. More working thing.
03	Fix It	There is usually a reason it does that.
04	Teach It	The install button was only the beginning.
05	Own It	Someone who sees how the pieces fit.

THREE PACKAGES AT A FIXED PRICE

Basic Installation — CHF 490.–

For SMEs that want to try one or two AI workflows on their own machine.

Pro Setup RECOMMENDED — CHF 1'490.–

For SMEs whose staff repeatedly copy details from emails and documents by hand.

Operator System — CHF 3'500.– to 5'000.–

For businesses that work with a team and want existing systems included.

One-off. Before work starts, you receive a binding written quote with the scope and one-off setup price.

> *AI can prepare a message or payment. Nothing we build sends a message outside your firm or spends money before a person has made the decision.*
